The basketball hoop meets the requirements of EN 913:2019-3 and EN 1270:2006 "Pitch equipment – Basketball equipment. Functional and Safety Requirements, Research Methods."

1. Product description

10 001 – TYPE: PERMANENT

Powder-coated. Designed for use in indoor training sets.

10 002 – TYPE: PERMANENT

Galvanised. Designed for use in outdoor training sets.

10 003 – TYPE: PERMANENT

Powder-coated. Equipped with additional lateral reinforcements made of 3 mm or 5 mm thick sheet metal. Used in indoor facilities (gymnasiums, sports halls). Compliant with FIBA regulations.

10 004 – TYPE: PERMANENT

Powder-coated. Equipped with additional lateral reinforcements made of 4 mm thick sheet metal. Used in indoor facilities (gymnasiums, sports halls). Compliant with FIBA regulations.

10 007 – TYPE: PERMANENT

Galvanised. Equipped with additional lateral reinforcements made of 4 mm thick sheet metal. 8- or 12-point (article 10 007/12) net attachment. Used in outdoor facilities (sports fields).

2. Purpose

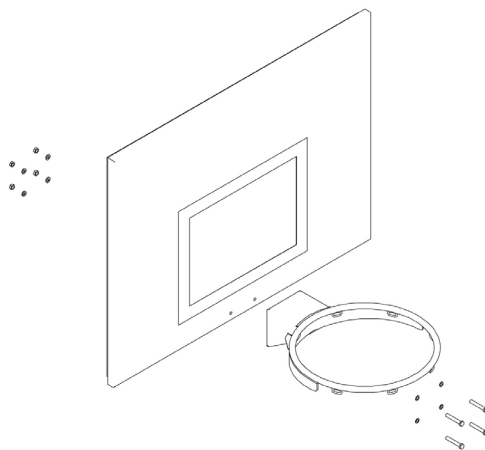

The hoop is designed for indoor and outdoor basketball.

3. Components

Number	Name of part / component	Quantity per product
1	Basketball hoop	1

4. Basketball hoop installation

- a) Pass M10 bolts and washers (not supplied) through the holes in the rim.
- b) Set the hoop on the basketball backboard at the mounting point and screw in place using self-locking nuts and washers (not supplied).
- c) The top edge of the rim should be positioned at the height of 2600 mm /children/ or 3050 mm /adults/ above the pavement.

Note: installation may only be carried out by adults authorised to work at heights using a scaffold.

5. Using the hoop

- a) The hoop is designed for indoor and outdoor basketball.
- b) Periodically check the components securing the hoop to the board.

6. Transport, storage, maintenance, disposal

- a) The basketball hoop is supplied by the manufacturer in a cardboard box measuring 70x53x18 cm and weighing up to 6 kg.
- b) The product is intended for permanent installation – not for storage.
- c) To be wiped down with a cloth dampened with a mild cleaning agent by persons with the appropriate qualifications for working at heights.
- d) Depending on local requirements, the product may be intended for recycling or energy recovery after use.
- e) The product and its accessories must be properly disposed of at an appropriate local waste disposal/recycling facility.
- f) Correct disposal will help to prevent potential negative consequences for the environment and human health and promote the recycling of materials and resources.

7. Warranty

- a) Basketball hoops come with a 24-month manufacturer's guarantee.
- b) The warranty does not cover damage caused by improper use e.g. cutting, slashing, burning, etc.
- c) The warranty does not cover the misuse of the basketball hoop.

Note:

Do not climb or hang on any part of the hoop.
